HANSON BRIDGETT HiTECH LAW PRACTICE

LEGAL SERVICES FOR NEW COMPANIES

ENTITY FORMATION

Our attorneys have incorporated and advised hundreds of companies over the years. We provide incorporation services, advise on choice of entity, and maintain and update your company's minutes of proceedings and share register.

FOUNDERS AND INVESTORS

We provide founders with advice on capital structure and draft all necessary legal documentation for investments from founders, angel investors and venture capital firms.

EMPLOYEES

New companies need to implement proper documents in order to comply with labor laws. We help our clients set up proper HR practices and also provide all necessary legal documentation for the assignment of intellectual property and employee inventions to the company.

STOCK OPTION PLANS

We draft and help you implement stock option plans as well as provide advice on various other forms of equity compensation to consultants, advisors, founders, and senior management.

CORPORATE MATTERS

Once your company is up and running, you may involve us in the day-to-day operations of your business. Our attorneys have general corporate law backgrounds and are well-equipped to handle a variety of general corporate law transactions, from entity formation to corporate finance and securities.

Our clients rely on us to attend Board meetings, negotiate with investors, handle disgruntled employees, as well as interface with their vendors and suppliers on a variety of legal transactions.
