Hanson Bridgett LLP
425 Market Street, 26th Floor
San Francisco, CA 94105

Christopher is the Chief Information Officer leading a team of people across the IT department, as well as our Legal Research and e-Discovery Solutions departments. With more than 25 years of experience driving strategic transformation in complex organizations, he is a proven collaborative leader, managing change to implement technology solutions including cloud services, cybersecurity solutions, accounting systems, and document management systems. Chris is skilled in managing large-scale IT projects and fostering continuous improvement while building organizational skills in generative artificial intelligence (A.I.) to support attorneys and drive client value.

Prior to joining Hanson Bridgett in 2003, Christopher co-owned a technology consulting business focused on the legal market and non-profits.

Christopher graduated from UC Santa Cruz in 1991 with a B.S. in Environmental Studies. Following his passion to protect the environment, Christopher worked in fundraising and then as the IT Manager for the California League of Conservation Voters directly after college.
