WHAT OUR PAST SUMMER ASSOCIATES ARE SAYING...

"To me, the **numerous opportunities** to enjoy lunch or coffee with a judge, a client, or a senior partner were more valuable than any other experience I have encountered in my developing legal career."

"Hanson Bridgett's Summer Program gave me a genuine taste of what life after law school would be like. The assignments were diverse and challenging, with a focus on client service. I knew that my work product would be incorporated into legal briefs and pleadings, or used by the attorneys to deliver winning oral arguments. All these years later, attorneys tell me that they still rely on my work as a Summer Associate in their ongoing matters. **I can confidently say that the Summer Program built a solid foundation for my legal practice**, and taught me valuable skills that I use to this day."

"Summer Associates are given a very realistic look at what it is like to work at Hanson Bridgett, and everyone is very transparent and candid about their experience and expectations. The formal process for assignments and evaluations makes the work experience run smoothly, and **you are given all the tools you need to succeed**, with mentors, a writing coach, summer coordinators, and evaluations on each assignment."

"I loved my Summer Associate experience at Hanson Bridgett. While gaining invaluable legal experience, **I grew both professionally and personally** during my time at the firm. The most rewarding part of my experience was working with the talented and dynamic attorneys at Hanson Bridgett."

"Everything I was looking for as a Summer Associate—**good colleagues and mentors, interesting and challenging work, diversity, and commitment to pro bono and to each other**—I continue to see at Hanson Bridgett even now as a mid-level."

"As a first generation law student, I was extremely intimidated at the thought of working at my first law firm. However, I could not have found a better firm than Hanson Bridgett."

"There were many opportunities to network and socialize outside of work assignments as well, including a very rewarding pro bono experience. **It was a great summer** with great people, and I cherished the experience."

"For students considering Hanson Bridgett, expect a community with **ambition, openness to change, transparency across all levels, and a true passion for the community.**"
